Dated the 12th August

1935

From (Name) Major-General Sir F.P. Connor, Kt., D.S.O.,
K.H.S., I.M.S.,
(Designation) Surgeon-General with the Government
of Madras.

To The ^{JOINT} Secretary to the Government of Madras,
Local Self Government (Public Health) Department.

Sir,

The sanction accorded in G.O. No. Ms. 797 P.H.,
dated 5th April 1935 for the employment temporarily for
a period of one year from 1st May 1935 of an additional
nursing orderly on Rs. 15-1/2-19 per mensem in the Govern-
ment Headquarters Hospital, Bellary, will expire on 30th
April 1936. The Superintendent, Government Headquarters
Hospital, Bellary while requesting sanction for the con-
tinuance of the temporary post of nursing orderly on
a permanent basis also requests sanction for three addi-
tional nursing orderlies and three toties.

2. The sanctioned bed strength of the Government
Headquarters Hospital, Bellary and the Government ...

and Children Hospital, Bellary is 96 and 20 respectively.

In 1933, two new wards of 22 beds were added to the Government Headquarters Hospital, Bellary, but the Government in their order No. Ms. 931 P.H., dated 5th April 1934 declined to accept the Surgeon-General's proposal for the increase of the bed strength from 116 to 138.

70
 96
 20
 22
 138

3. The daily average attendance of in and out patients treated at the two Hospitals for the last three years is given below:-

Year.	Daily average attendance.	
	Inpatients.	Outpatients.
1932	117.18	342.46
1933	119.76	324.04
1934	127.48 $\frac{2364.42}{11.42}$	290.77 $\frac{157.22}{319.04}$

The statistics for the last three years works out to a daily average of 121.47 and 319.05 in and outpatients respectively.

According to the scales of nursing orderlies and toties to beds approved by the Government, the Hospital even for the existing sanctioned bed strength of 116 is eligible for 15 nursing orderlies and 10 toties against 11 nursing orderlies (10 permanent ~~places~~ and 1 temporary (sanctioned up to 1st May, 1936) and 7 toties now employed in the Hospital. It will be noticed that the in-patient attendance is on the increase and as there is an additional ward of 22 beds if the present attendance is maintained or goes up in future there would be necessity for the increase of the bed strength of the combined hospital and consequently further additional staff for the Hospital.

90 + 20 = 110 - 1

4. The additional staff of nursing orderlies and toties asked for by the Superintendent, i.e., 3 nursing orderlies and 3 toties is within the scales allowed. I consider that the additional staff asked for by the Superintendent is necessary for the proper and efficient working of the Headquarters and Women and Children Hospitals at Bellary. I therefore recommend

the retention of the temporary nursing orderly sanctioned in G.O. No. Ms. 797 P.H., dated 5th April 1935 on a permanent basis and also the permanent employment of three additional nursing orderlies and three male toties in the Government Headquarters Hospital, Bellary from 1st May 1936. The immediate and ultimate cost involved on account of the proposal works out to Rs.960 and Rs.1354 respectively per annum as per details given below:--

Staff.	Immediate cost. in 1936-37	Ultimate cost. per annum.
1 Temporary Nursing orderly permanent retention from 1-5-1936 --	Rs.1 x 15 x 10 = 150	
3 additional permanent nursing orderlies from 1-4-1936. ---	3 x 15 x 10 = 450	4x17 $\frac{7}{10}$ x 12 = Rs.850
3 Male toties ---	3 x 12 x 10 = 360	3 x 12 x 12 = 432 plus bonus = 72
	Rs.960.	Rs.1354.

If approved, the proposal will be included in Part II Scheme of the Budget for 1936-37.

I have the honour to be,

Sir,

Your most obedient servant,

[Signature]

In S.O no. 497 P.H. of 5.4.35
the Govt sanctioned the employment or
temporarily for a period of one year
from 1.5.35 of an additional nurse,
orderly in the Headquarters Hospital at
Bellary. This sanction will expire on
30.4.36

2. The S.S. reports that
para 2 in Sp 1-2 of the sanctioned bed strength of the
Govt Headquarters Hospital at Bellary
and the Govt to the Hospital Bellary
is 96 and 20 respectively making up a
total of 116. According to the scale
usually adopted, the Hospital is
eligible for 15 nursing orderlies and
10 ~~tobies~~ tobies. At present there are 11 (nurses,
orderlies (10 permanent & 1 temporary) and
7 tobies in the Hospital. ~~In view of the~~
efficient working of the institution the

S. G. recommends the retention of
the temporary nursing order sanctioned
in S.O. no. 797 P. 48 5.4.35 on a permanent
basis as well as the permanent
employment of three additional nursing
orderlies and three male labors in the
Hospital. As the hospital is eligible
for the staff proposed above, it is for consideration
whether the recommendation of the S. G.
maybe considered in connection
with Part II schemes for 1935-37.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

The Surgeon-General requests sanction for the employment of the following additional staff in the medical institutions mentioned below:—

Institutions.		Staff.
Government Headquarters Hospital at Coimbatore.		One compounder. Two nursing orderlies (in lieu of two lascars.) Two totis (one male and one female). One cook. One sister.
Government Headquarters Hospital at Bellary.		Two nurses. Three nursing orderlies. Three male totis.
Government Headquarters Hospital at Masulipatam.		Two totis (in lieu of two sweepers).
Government Headquarters Hospital at Palamcottah.		One nursing orderly. Two totis (one male and one female). Two nurses.
Government Headquarters Hospital at Cuddalore.		One nursing orderly.
Government Headquarters Hospital at Kurnool.		Two nurses.
Government Headquarters Hospital at Nellore.		Do.
Government Hospital at Tirupati ..	..	One nurse.
Do. Gudalur ..	..	Do.
Do. Ponnani ..	..	Do.
Do. Dindigul ..	..	Do.
Do. Tiruvannamalai ..	..	One nursing orderly.
Do. Kadiri ..	..	One compounder.
Do. Tellicherry ..	..	Do.
Do. Cochin ..	..	One cook.
Do. Karur ..	..	One nursing orderly. One female toti.
Do. Mannargudi ..	..	One toti.
Do. Mayavaram ..	..	One nursing orderly. One female toti (in lieu of a sweeper).
Women and Children's Hospital, Calicut ..	..	One female compounder.
Women and Children's Hospital, Vannarpet.	..	One female nursing orderly.
Total, twelve nurses, one sister, four compounders, eleven nursing orderlies, twelve totis and two cooks.		

2. The following scales have usually been adopted in respect of the staff mentioned above:—

One nurse for every 14 beds.

One compounder for every 100 out-patients and an additional compounder for every 75 in-patients.

One nursing orderly for every 8 beds.

One toti for every 12 beds in the case of hospitals where there is no water-carriage system. (None of the hospitals for which additional totis are now asked have water-carriage system.)

One cook for every 50 beds and one additional cook if the number of beds over 50, or multiples of 50 is not less than 25.

This scale has been reported to be too inadequate, but the question of actually revising it has been deferred pending the advent of better times, although 'specially' hard cases are being considered even now in the interests of efficiency of administration.

3. A statement is appended to this note showing the number of beds in each of the medical institutions referred to, the daily average attendance of in-patients and out-patients during 1934, and the existing strength of the staff in respect of which additions have been proposed, the additional staff asked for and the additional staff admissible according to the standard scales mentioned above. It will be observed from the statement that the additional staff asked for is within the permissible limit in all cases except in the case of the additional cook for the Government Hospital at Cochin. The number of beds in this hospital is 53. Though the hospital is eligible for only one cook, it has been proposed to accord sanction for the employment of the additional cook as a special case in view of the facts that Cochin is growing in importance as a result of the development of the harbour and that the number of in-patients has been considerably on the increase.

4. No scale has been prescribed for the employment of sisters in Government hospitals. As the Headquarters Hospital at Coimbatore is a training centre for pupil nurses, it is considered necessary to employ a sister in this hospital for giving training to pupil nurses and for supervising the nursing staff of the hospital. In the case of the Government Hospital at Karur, the employment of an additional staff of one nursing orderly and one female toti is necessitated by the increase in the number of beds in the hospital from 12 to 21. The daily average attendance of in-patients treated in the hospital during 1934 was 18.31 and during the period from January to May 1935 was 19.16. There is necessary accommodation available and the proposal to increase the number of beds will not involve additional recurring expenditure under 'Diet and hospital necessities.' The only recurring expenditure will be that on account of the employment of an additional nursing orderly and a female toti.

5. The additional staff proposed in the case of medical institutions mentioned in the statement above will be sanctioned temporarily for one year from 1st May 1936.

R. SUBBAYYA—22-11-35.

NOTE BY THE FINANCE DEPARTMENT.

The proposals may be placed before the Finance Committee as a Part II Scheme for 1936-37.
